

SPONSORSHIP PACKAGES
for the PENNSYLVANIA EQUINE COUNCIL

Below you will find information on sponsorship levels for the Pennsylvania Equine Council's Mobile Learning Center. Our Mobile Learning Center will have a power point presentation that will play continuously on a large screen with our display. Advertisements will be interspersed with appropriate points of education relating the mission, goals and accomplishments of the PEC.

When presented as part of the Mobile Learning Center emphasis will be placed on youth and equine education. When used in conjunction with other venues, there may be a more general view of the mission and activities of the PEC.

I hope you find this program attractive. We estimate that potential exposure at the Farm Show will be to potentially 400,000 plus people, at the York Fair in excess of 250,000 and Ag Progress Days may exceed 30,000. Current plans will include 25 - 30 days of this presentation with the Gold Package. We will plan to write these contracts for a 12-month period and also plan to offer "right of first refusal" for renewals.
